ANNUAL REPORT
OF THE
**PARKS AND RECREATION
DEPARTMENT**

FOR THE
YEAR ENDING DECEMBER 31, 1958

BOSTON, December 31, 1958.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

In accordance with section 15 of chapter 185, Acts of 1875, the Parks and Recreation Commission herewith submits its annual report for the year 1958.

Respectfully submitted,

FRANK R. KELLEY,
*Chairman, Board of Parks
and Recreation Commissioners.*

HARRY J. BLAKE,
THOMAS J. CARTY,
DANIEL G. O'CONNOR,
O. PHILIP SNOWDEN,
Associate Commissioners.

*Boston City Manager
Dec. 28 1958*

INTRODUCTION

The Department of Parks and Recreation had its beginning with the appointment of the first Board of Park Commissioners on July 8, 1875, under the title "Park Department." The Board consisted of three members who served without compensation. As thus constituted, the department continued up to 1913, when by provision of Chapter 10, Ordinances of 1912, it was merged with the Public Grounds, Bath and Music Departments, under the name of Park and Recreation Department. The Commissioners were appointed by the Mayor for a term of three years, one term expiring each year. The Chairman was a paid city official, in charge of the operation of the department. The other two members served without compensation.

In 1920 the Cemetery Department was merged with the Park and Recreation Department, and the title was changed to Park Department. On May 1, 1954, the department became the Parks and Recreation Department under the provisions of Chapter 2, Ordinances of 1954. The Board of Parks and Recreation Commissioners was increased to five members.

Under the latest ordinance, the Commissioner of Parks and Recreation becomes the active head of the department with power of authority far beyond that which existed when the Board consisted of three members (Sections 36-42, inclusive, Chapter 2, Ordinances of 1954). The Commissioners meet as required on call from the Chairman.

The department is responsible for the maintenance and improvement of approximately 2,725 acres of parks and playgrounds. Included in this area are the following facilities: a general office building; 128 playgrounds and play areas, 47 of which have field houses; 20 parks, large and small; 2 service yards containing offices, mechanics' shops, storehouse and garage; a recreation office building; 13 indoor recreation centers; 16 public bath houses; 2 public golf courses (18 holes); 3 public bathing beaches with bath houses in which are 2 solaria; 4 swimming pools (2 indoor and 2 outdoor); 85 public squares; 1 laundry; 14 greenhouses; 19 cemeteries (3 active, 16 inactive or historic); 108 miles of parkways, driveways, walks and paths; 131 acres of ponds and rivers; and the care and maintenance of all trees on city streets, parks and playgrounds.

The department organizes, promotes and conducts a city-wide recreation program for all age groups with special emphasis on youth programs.

This report summarizes briefly the efforts of the Parks and Recreation Commission and the staff of the department to maintain a high standard in essential services and to expand the facilities of our Park System to meet the needs of the department within our appropriation allowances.

In this report there is no particular attention given to the extensive maintenance responsibilities of the Parks and Recreation Department. Reference to the introductory section of this report will indicate the large number of areas, buildings, etc., that require most of the time of our staff. It should be apparent that much of our appropriation is expended for the maintenance and improvement of parks, gardens, park and recreation buildings, mechanics' shops, golf courses, cemeteries, etc. Proper maintenance is the key to efficient service. We are confining this report to major work accomplished in 1958, all of which is substantially outside the area of general maintenance.

MAJOR ACCOMPLISHMENTS IN 1958

PARK AND PLAYGROUND IMPROVEMENTS

Construction of Playground at Veterans of Foreign Wars Parkway, Russett Road, Bruce and Weld Streets, West Roxbury: The reconstruction of this playground was conducted by completely enclosing it with a 6-foot chain link fence and by laying an underground conduit for night lighting on the walks for the sum of \$15,187.70. During 1959, we hope to continue another phase of the construction work at this playground.

Jamaica Pond-Olmsted Park: The first phase of the work done towards rehabilitating the area was started this year, which included the reclaiming and protecting of the shore line and the slopes surrounding the pond, installation of new drainage system, and rebuilding some of the walks for the sum of \$59,680. Work will continue in 1959.

Jefferson Playground, Roxbury: This playground is being completely redesigned and reconstructed, with new loam surface, grass-sodded ball field, children's play area with equipment, new seats and canopy-type backstop for the sum of \$24,698.

Hanson Street, South End: With an expenditure of \$14,042 we procured a vacant lot of land and constructed thereon a children's play area with apparatus, asphalt surface, chain link fence, and seats.

Quincy Street, Dorchester: On the site of the former abandoned Quincy Street School we have constructed a small children's area with playground apparatus, drinking fountain, benches, asphalt surface, and chain link fence for the sum of \$9,208.31.

East Glenwood Avenue, Hyde Park: At this location we procured a large vacant lot of land and constructed, for the sum of \$20,179.27, a small neighborhood playground complete with playground equipment for tots and juniors, including basketball court and a mothers' rest. We also constructed an asphalt surface, graded and seeded the slopes, and fenced the entire area with a chain link fence.

William F. Smith Playground, Brighton: At this location we erected bleacher seats at the Little League Diamond at a cost of \$2,697.14.

John J. Ryan Playground, Charlestown: At this location we erected portable bleachers on the main ball diamond at a cost of \$2,578.50. The large ball field was completely regraded, loamed, and seeded for the sum of \$9,014.32.

Franklin Park Golf Course: All the golf tees were rebuilt, slopes seeded, and the fairways graded and seeded for the sum of \$16,348.

Copley Square, Boston: A decorative steel post and chain barrier fence was erected which encircles the park area in front of the Public Library. This work was done for the sum of \$4,808.32.

La Fayette Mall, Boston Common: A contract in the amount of \$9,483.86 was awarded and completed on the flower boxes on the Mall.

WALKS AND ROADWAYS

Commonwealth Avenue: The contract awarded in 1957, in the amount of \$44,000, was completed in 1958. The center Mall from Arlington Street to Massachusetts Avenue was reconstructed with asphalt surface with a sealer coat; the grass edges were sodded and reloamed. All crosswalks were rebuilt and surfaced and new 14-foot-long park benches were erected along the entire length of the avenue. Repairs were made to the roadway in the amount of \$5,526.78.

PARK SYSTEM

Defective concrete blocks were replaced throughout the Park System in the amount of \$8,295.80.

BUILDINGS, ETC.

Boston Common: Contract was awarded for the repair of benches on walks throughout the Common amounting to \$14,929. After many years repairs were made to the famous Brewer Fountain for the sum of \$7,778.

TREES

Approximately 800 trees were planted during the year on city streets and parkways for the sum of \$29,999.

Approximately 330 dead and diseased trees were removed during the year, amounting to \$26,780.

Trees were sprayed throughout Park System at the cost of \$12,000. Trimming of trees was conducted in various sections of the Park System at the cost of \$20,000.

RECREATION

Our recreation program and what this department accomplishes for all groups, from the youngest to the Golden Age, is well known in the community. Our program has been copied by many other cities in the United States.

As in former years we have conducted our city-wide basketball, baseball, handball, and football programs in all sections of the city. Thousands of persons competed in all our events, which are set up in Junior, Junior Varsity, Varsity and Senior Varsity, and Senior Park leagues, in all these sports. It might be of interest to point out that in our Senior Park Football League, whose games are witnessed by hundreds of thousands, the final play-off game was held in the new Boston College Stadium. This privilege was granted to us through the courtesy of His Eminence Cardinal Richard J. Cushing and Boston College officials.

During the summer season, for a ten-week period, we staffed 125 play areas with recreation leadership, and the young men and women instructors, most of whom were college graduates or upper classmen in college, directed a workshop covering sports, games, athletics, handcrafts, music, etc. Among the more popular attractions were the several soft ball leagues, which now include women as well as men.

A special indoor recreation demonstration, which included girls from each of the 14 recreation centers throughout the city, was held at the Tobin Memorial Gymnasium, at which the May Queen was selected.

In addition to the regular annual events like May Day, Halloween, and the Golden Age parties, the Recreation Division promoted weekly programs beginning with "Get Acquainted Week" and including "Be Kind to Animals Week," "Do It Yourself Week," "Be a Good Citizen Week," etc.

CEMETERIES

Roadways were reconstructed and resurfaced in Mount Hope, Evergreen, and Fairview Cemeteries at the cost of \$12,372.34.

We developed new area for burials in the three active cemeteries mentioned above, which included the installation of 441 concrete liners at the cost of \$23,586.45.

General maintenance work was done in the other sixteen cemeteries in the city (most all of which are historic) in which we occasionally had interments during 1958. Our interments numbered 2,008.
